

ROMANIAN POETRY

Mirea Maria- grade 8

For chocolate eaters only

Let's not litter!
Out of tinfoil
Make some glitter!

So remember not to glitter!
Your treat is always sweeter
You remember to recycle
If you are a chocolate eater!

Enache Andreea- grade 7

The Recycling

Today, in our school yard,
They came out of the blue
Recycling of garbage in bins,
You select it like in our dreams.

Green for the glass, without via,
In the yellow metal stops
And in blue paper wraps
To make her smile Romania.

Sîrbu Eduard- grade 5

Recycling man

Recycling man was moving fast
To do another cast
Working as an ant
In the newly built plant
And singing all the way
What's new, what's new
Write me on yahoo.

Vlad Rotaru- grade 8

Reduce, reuse, recycle

Reduce, reuse, recycle
Three words we need to know
Reduce the garbage, reuse the old
Recycling's the way to go.

There's the easy stuff
Like papers, cans and glass
But more should be recycled
Like what, you ask?

From the car
There are tires, fabric and oil
Add these to your list
And the Earth you will not spoil.
The steel, concrete and wood from old buildings
Can all be recycled, too?
It'll help save the forest
I think that's good, don't you?

So, before you throw
Anything away
Ask yourself can these be used
As something else someday?

Dinu Isabel- grade 7

Need to recycle

Plastic or paper , tou do not throw anything,
If you recycle with good will.
To have a clean country,
We all need to recycle,
Not to throw garbage,
Paper, glass everywhere.

We all need to recycle.
Not to pollute,
Not to defile water,
With all sorts of rubbish.

Finta Rares- grade 7
A lesson for little children

If you eat a candy or some ice cream
Do not throw the packaging on the street!
For this it clearly seems
To be one of the causes of pollution.
Small children must be aware
To throw any paper in the basket
Not to drop it everywhere
So we will have a clean planet
Waste is not good for us!
It is destroying our life.
This exam small children must pass.

Nastasia Gabriela- grade 7

In little garbage bins
Recycle children old things:
Clothes, paper and glass scrapes,
Waste and even broken toys.

We recycle what's not good,
Tidiness to be pursued.
Let's go everybody cleaning,
Don't forget of Earth protecting!
