Teachers Hero!

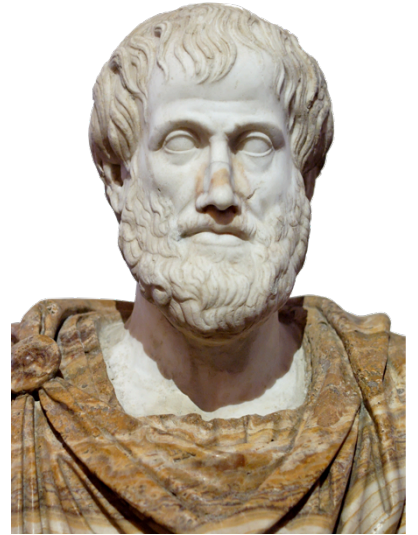

- My hero is Raoul Wallenberg, a Swedish diplomat and business-man. He saved tens of thousands of jews from the Nazis in Budapest. This took place during World War II (Pia)

Teachers Hero!

Aristotle (384BC – 322BC) was a Greek philosopher, natural scientist and polymath, who made extensive studies into the world around us. He was widely regarded as the greatest of the ancient thinkers and his extensive studies and writings had a lasting impact on science, philosophy and an approach based on reason and logical thinking.

My hero

Ludwig Philipp Albert Schweitzer (1875 – 1965) was an [Alsatian polymath](#). He was a theologian, organist, writer, humanitarian, philosopher, and physician. A [Lutheran](#), Schweitzer challenged both the secular view of [Jesus as depicted by the historical-critical method](#) current at this time, as well as the traditional [Christian view](#). His contributions to the interpretation of [Pauline Christianity](#) concern the role of [Paul's mysticism](#) of "being in Christ" as primary and the doctrine of [Justification by Faith](#) as secondary.

He received the 1952 [Nobel Peace Prize](#) for his philosophy of "[Reverence for Life](#)",^[3] becoming the eighth Frenchman to be awarded that prize. He devoted his life (and that of his wife, nurse Ellen Breslau) to the study of tropical disease nosology. The couple settled in Gabare, Gabon, where they established a tropical disease hospital.

My hero

Marie Curie is my hero. She is the first woman who won the Nobel Prize. Marie was a brilliant scientist. She discovered radioactivity, and also the radium and the thorium, two radioactive substances. She is the only woman who won 2 Nobel Prizes-in chemistry and physics. She studied at the University of Paris, where she met Pierre Curie, her future husband. Both of them were passionate and brilliant. Nobody knows exactly how she died. She worked with radioactive substances too, and she admitted she wasn't protecting herself enough. She died on fifth July, year 1934, because of the plastic anemia. She is my hero because she used to show solidarity and tolerance with other science people, and ... everybody.

My hero

Astrid Lindgren, a famous Swedish writer, is my hero. She wrote a lot of children's books that wasn't just a fairytale, many books also taught kids about the good and bad, about death and about rivalry. Her most famous book is Pippi Longstocking.

Astrid Lindgren worked against injustices and oppression. In addition to her writing, she also became a leader. (Kevin)

Federica's song about SOLIDARITY

Union

Se tutti quanti avessimo le stesse idee... non ci sarebbe nessun problema nel mondo. Se fossimo uniti non ci sarebbero problemi... Ma ricordiamoci, l'unione fa la forza! Se condividiamo potremo essere più forti e meno soli... Quando le persone hanno bisogno di aiuto c'è sempre qualcuno disponibile, questo fa capire che niente ci impedisce di essere uniti... Niente ci può separare se tutti lottiamo per i nostri sogni, le nostre passioni... Anche se il cammino sarà lungo e pieno di ostacoli, niente ci fermerà... Ricordiamoci l'unione fa la forza! Le salite infinite, saranno meno alte se con me ci sarai anche tu! Ricorda, con la solidarietà si arriverà lontano! Non importa quanto ci vorrà... L'importante è farlo, si ma tutti insieme...! Il cammino è pieno di buche... Forse cadrò proprio qui.. Ma forse avessi quell'amico... Mi aiuterebbe a stare in equilibrio... Lui è sempre qui con me e mi aiuterà sempre! Le salite infinite saranno meno alte se con me ci sarai anche tu! Ricorda, con la solidarietà si va lontano! Non importa se ce la farò, importa solo se siamo insieme... Perché se cadremo... cadremo insieme! Se tutti quanti aiutiamo chi ha più bisogno di aiuto... Questi aiuti ci verranno ripagati... Non importa se c'è la farò... Importa solo se... Saremo insieme!

If everyone had the same ideas there would be no problem in the world. if we were united there would be no problems ... but let's remember, unity is strength! If we share something we can be stronger and less alone. When people need help there should always be someone available, this makes you understand that nothing prevents us from being united. Nothing can separate us if we all struggle for our dreams, our passions ... even if the path is long and full of Infinite climbs, they will be less high if you are there too! Remember, with solidarity you will arrive far away! No matter how much it will take the important thing is to do it, yes, but all together ...! The path is full of holes Maybe I'll fall here but if I had a friend it would help me to balance He's always with me and he will always help me! Infinite climbs will be less high if you are there too! Remember, solidarity makes you go far away! It doesn't matter if I do it, I really care if we're together because if we fall ... we'll fall together! If everyone helps those who need most these helps will repay us no matter if I do it it only matters if ... we are together!

Pia's poem about SOLIDARITY

Ensam är stark!

(To stand alone is to be strong)

Vad sa du?

(What did you say?)

Ensam är stark!

(To stand alone is to be strong!)

Nej, säger jag.

(I say "No")

Det som gör oss starka

(The thing that makes us strong)

det är (that is)

solidaritet, gemenskap och

solidarity, fellowship and)

sammanhållning

(unity)

Då är vi starka tillsammans!

(Then we are strong together!)

A song or a poem about SOLIDARITY

Solidarity

Now I need somebody or something
Someone's hand to hold
And am trying to be strong because
I know...
That a hero will come along!

I'll stand here
And I know I am not alone
I'll wait for your support
I'll wait to find a way back home

Solidarity, respect and support
Change the cold and warm feelings

If you can force heart to
Serve your long they are gone
And so hold on when there is nothing in you
Expect they will say to them "Hold on"

I am an eternal fighter
Striving for harmony
Struggling for the untouchable

And that makes all the difference
That sets the Unification
